“Wow! I have booked many keynote speakers for different events and had much success, but I cannot remember a time when people were still talking about a speaker two and three days later. Tyler made a significant impression on our group and truly enhanced the overall feel of our conference. As the opening keynote, he delivered a high-energy program that engaged our audience while providing education in a fun learning environment. People came out of that session buzzing with excitement. Tyler closed our conference that week with the same valuable education, excitement, and energy. Our satisfaction rates were the best we’ve seen in a long time. We will be inviting Tyler to speak at our events again in the near future.”- Matt Streeter, VP, HFMA Wisconsin
